Director & Faculty of Chemistry  
**G. SRINIVASA REDDY (G.S.R.)**  
M.Sc.,

Dear Parent,

Choosing where to continue education after school is a major decision and I believe that **TOPPERS** will be a choice you will not regret.

Right from the inception of **TOPPERS** in the year it has been our constant endeavour to prove our academic excellence. The college has grown from a small strength consistently in a short span creating a niche for itself in the education field.

This was not a sheer coincidence. It was the urge, the compelling desire, to always aspire for perfection and in the process, continuously keep on setting newer bench marks of excellence, which enabled us and our students to achieve the goal.

We at **TOPPERS** aim for the success of every student by lecturing and guiding them through systematic approach we leave no stone unturned in incorporating proper education with a secret no to stress.

We take utmost attention to fulfil the dreams of students and parents in securing ranks into the most prestigious Engineering Colleges in India.

Effective time management is the need of the hour, need of the student. Students need to be alert, to be an optimistic worker, to be confident, to be an active learner, to be persistent, to be generous and to be one's own self. We at **TOPPERS** play the role of effective facilitators of learning by making children understand how to learn effectively rather than telling them what to learn.

Our commitment and hard work is shown as a glorious result, where all our students secured good ranks in various competitive exams and paved a way to choose a bright professional career.

Our real strength is in the strong and enviable team of faculty, desired results and winning performances from every individual student.

And as good as we are, we are poised to get even better the trust, affection confidence and constant feedback of the parent and student community has given us immense strength to rise above the ordinary, reach new horizons and to live up to their expectations.

Please take a moment and visit our college campus. Please feel free to contact me with any questions or concern.

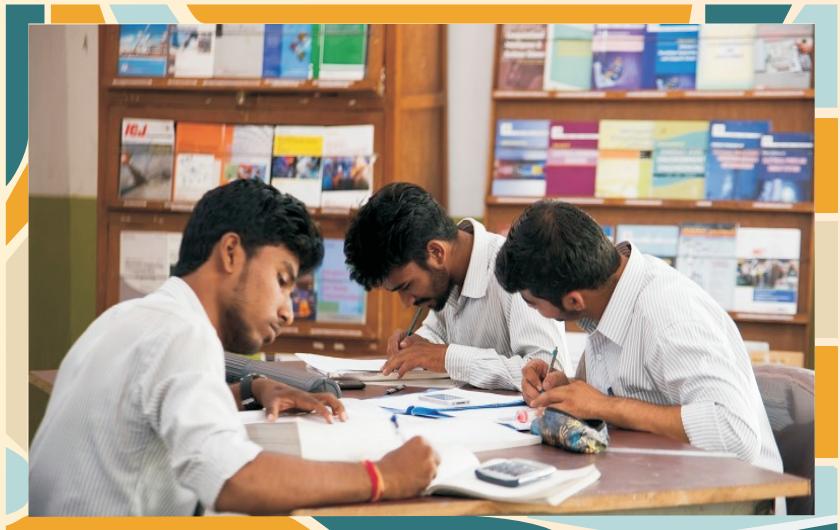

With regards  
Director
